

ADA LEWIS FOUNDER & CEO

Ada Lewis is a highly accomplished professional with extensive experience in the development and execution of major projects on a global scale. As the Founder and CEO of ProjePlan Services LLC, an EPCM company based in the USA, Ada leads the organization in delivering comprehensive consultancy, engineering, project management, operations, construction management, and project development services to both government and private sectors worldwide, with a specific focus on the infrastructure and industrial markets.

Prior to establishing ProjePlan Services, Ada Lewis's career has been marked by her impressive work with global companies like Total Energies, Shell Oil, GE Energy, ABB, and more. Her expertise lies in successfully bringing complex projects to life, turning concepts into tangible realities. She is highly regarded for her exceptional negotiation skills, effective communication across continents, and adeptness at navigating diverse organizational structures.

Ada's passion for addressing energy poverty drives her active collaborations with organizations in Africa. As an influential figure and connector, she strives to bring together individuals from diverse continents to collectively develop sustainable solutions for a better future. Ada firmly believes in the transformative power of accessible and reliable energy access for communities worldwide.

Ada's educational background further enhances her expertise. She holds a Bachelor's degree in Civil Engineering with a focus on Construction, a Master's degree in Health, Safety, and Environmental Engineering, and a Master Certificate in Commercial & Government Contract Management from Villanova University in Pennsylvania, USA.

Beyond her professional achievements, Ada is dedicated to giving back to the community. She serves as a Board Member of the F2F Music Foundation, a charitable organization that connects youth with the transformative power of music.
